This is the story of three OTHER little pigs.
They're NOT the three who built with twigs!

THESE Piggies Three are a special crew
They know all about money...
But they wonder, do you?

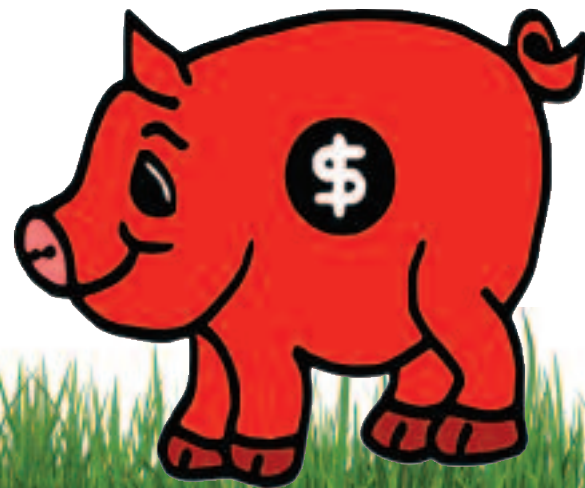

The Piggies Three work hard at home
To earn 10 coins to call their own.

After all their work or chores are done
They count their coins out one by one.

1 Coin they \$AVE
1 Coin they \$HARE
and STILL
8 Coins to \$PEND are there!

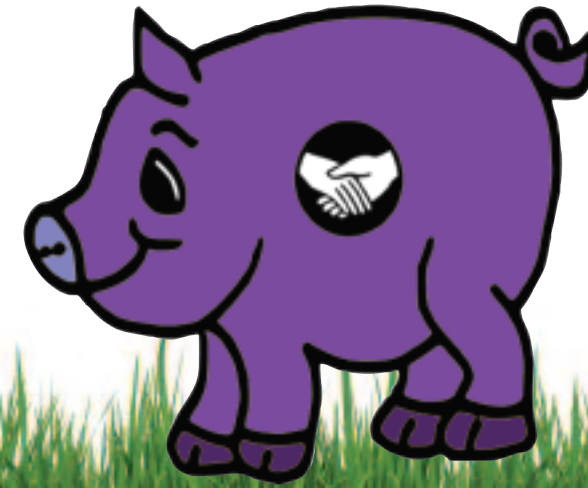

\$AVE-IT Piggy likes to say:

\$AVE, \$AVE, \$AVE
It's the very best way
To have enough for another day!

\$HARE-IT Piggy thinks that's fair,
But knows it's also good to share:

GIVE, GIVE, GIVE
A bit of what you've got
To help out those who don't have a lot!

\$PEND-IT Piggy is a careful guy,
who waits... and thinks...
BEFORE he buys:

Think, Think, Think
Before you go to the store
Buying only what you need
And not a whole lot more!

The Piggies Three are wise indeed
Working together as you can see.

Each needs the other to stay strong
For one without the others would be all wrong!

These Piggies know money
Oh yes, they do
They're here to say that
YOU can too!

When you count your coins
Whether a lot or a few,
Remember the lesson the Piggies
gave to you

1 Coin to \$AVE
1 Coin to \$HARE
and STILL
8 Coins to \$PEND are there!
